Ah finally, it is starting to look and feel like summer outside, the weather is getting warmer and the trees are looking green.

For those of you looking to purchase a new window air conditioner, please note that we limit the size of air conditioners to 6,000 BTU. We do that for several reasons; larger units are heavier and harder to safely install, the weight of them is damaging to the windows, and also energy efficiency.

We use Griggs and Browne as our pest control contractor, they are very responsive to our needs; and treat a wide variety of insects and pests. But, they do not treat for spiders; while we cannot endorse or recommend this treatment, several individuals have been using a misting spray of eucalyptus oil and water. Using this in combination vacuuming with a HEPA filter vacuum has shown very good results.

And the schedule is out, week 4 Patriots vs. Packers, at Lambeau; could be a Super Bowl preview.

If you have any questions, please do not hesitate to contact me.

Greg Monka
Maintenance Director

We have contracted EBI Consulting to do PCNA’s at all IEH HUD properties, they will begin these inspections in the coming weeks.

Keep an eye on your mailboxes, we will be distributing advanced notifications of what day they will be doing your building.

The Woodside Community Gardens has three raised beds. These are for residents who may have a handicap. Two have been assigned and I am hoping for a request for the third one. Please take a look at one and give me a call with Yes, I wish to have one.
Spring greetings to everyone from the Services Coordinator Office!

I am thoroughly enjoying my job! I thank all of you who have been patient with me as I transition into being part of the Island Elderly Housing Community- for those of you I have not met:

consider this a special outreach! I am located on the second floor in the Woodside 1 building, my phone number is (508) 693-7009. Please feel free to call and set up an appointment. I have a lovely private office overlooking the gardens, people who have stopped by have remarked how peaceful it is. So, pull up a chair!

For those of you who enjoyed Melissa Knowles photographs in the sitting area on the first floor of Woodside 1, we will be saying goodbye to them as they travel to another destination. Melissa Knowles will be offering prints at a reasonable price and smaller scale. For information you can reach Melissa at (974) 483-7207. If you are on the internet Melissa has a visually stunning website: melissa-knowles.com.

The newly dedicated Josephine M Tucker recreation room in the basement of Woodside 1 is ready for games and crafts. If anyone has a specific craft they are interested in, please leave me a message in the suggestion boxes, call or leave a message outside my office on the clipboard. I am currently networking with some talented folks on the island who are interested in sharing their skills.

If anyone is interested in getting about more freely, please get in touch with me about the pilot program called Go-Go Grandparents.

As our island weather warms our hope is to create events outside to safely socialize. To that end there will be a ribbon cutting event on Thursday June 30th from 2:-3:30 at the community garden behind Woodside 1. The Garden is already a thing of beauty, in another month it will be bursting with young plants, blossoms and butterflies. The upgraded stone pavers and raised beds are the result of a grant from the MV Community Foundation. The Ribbon cutting is to honor a previous resident, Gladys Caron, whose son planted a beautiful tree in her memory. Eventually the tree grew too large for the area and had to be removed. This month a new tree has been planted in her honor. We hope you will join us at the end of the month on the back lawn, more details to follow.
Hello Residents!

Spring is definitely here and it is great to see people out, socializing or working on the gardens. Big shout out to Mary G. for filling the window boxes and Eileen L. donating and planting flowers at the entrance of Woodside 1.

Just a few gardening reminders:

- Please remember to conserve water while watering.
- Existing garden areas are limited to an area of 8ft x 4 ft.
- If you have some garden ideas, please let us know your plans before starting new projects.

The High School students visited Woodside Village to help with leaf clean-up and weeding gardens. They are always so helpful and bring a great energy to the community. They will be back in the fall.

Technology Help Sessions will be on summer vacation. Nina from the OB library will return in September.

It is with great sadness that we share the passing of Ronald West, a resident of Woodside Village 1 and Adelaide Francis, a longtime resident of Woodside Village 2. Our thoughts are with their family and friends.

Please give a warm welcome to Katy Maffei at Woodside 2 and Joe Costa at Hillside 3, our newest residents.

Happy Summer!
IEH Property Management Office
Woodside Residents Association

The Woodside Residents Association Officers are meeting with IEH Staff every other week on Wednesdays. If you have ideas, suggestions or concerns please let them know before the meeting and they will bring it to the IEH Staff.
